H.P. Acthar® Gel Reference Bibliography

This bibliography contains verifiable peer-reviewed manuscripts and abstracts on the use of Acthar Gel, as well as publications supported by Mallinckrodt that relate to Acthar directly or indirectly. Human and preclinical studies, reports and reviews are included and, where available, links to PubMed are provided. Updated January 2016

Nephrology

**Neurology**

54. Hansen R, Gold L, Schepman P, Niewoechner J, Philbin M. Economic consequences of early versus late use of adrenocorticotropic hormone therapy in infantile spasms [WCI abstract LB10]. Late-breaker poster presented at *World Congress of Inflammation Meeting*; August 8-12, 2015; Boston, MA. 2015. [Link](#)

64. Lisak RP, Nedelkoska L, Benjamins JA. Melanocortin 4 receptors on oligodendrocytes and oligodendrocyte precursors signal ACTH protection from in vitro death induced by mechanisms involved in cell damage in multiple sclerosis.[ECTRIMS abstract P579]. *Mult Scler*. 2015;23(11 suppl 1):273,
65. Lisak R, Nedelkoska L, Benjamins J. ACTH1-39 protection of oligodendrocytes from damage relevant to multiple sclerosis involves both direct and indirect mechanisms. [AAN abstract P2.189]. *Neurology*. 2015;84(suppl 14):P2.189

**Ophthalmology**

Pulmonology

98. Barney EJ, Baughman R. Acthar Gel for refractory sarcoidosis. Poster presented at: Combined WASOG BAL Meeting; October 12, 2014; Kusadasi, Turkey. 2014
101. Baughman RP, Lower EE, Lanier O'Hare, Barney JB. Acthar Gel for refractory sarcoidosis [ATS abstract A3743]. Am J Respir Crit Care Med. 2015;191(suppl):A3743-A3743

Rheumatology

114. Decker D, Higgins P, Bendele A, Becker P. Repository corticotropin injection (H.P. Acthar® Gel) attenuates established collagen-induced arthritis when used alone or as adjuvant therapy with Etanercept (Enbrel®) [AAI abstract THER5P.902]. J Immunol. 2015;194(suppl 1):139.4-139.4

137. West HF, Newns GR. Allergy to bovine ACTH (adrenocorticotropic hormone). *Lancet*. 1952;262:1308. [Link](https://doi.org/10.1016/S0140-6736(52)91083-5)

138. Zutshi DW, Friedman M, Ansell BM. Corticotrophin therapy in juvenile chronic polyarthritis (Stil's disease) and effect on growth. *Arch Dis Child*. 1971;46(249):584-593. [Link](https://doi.org/10.1136/adc.46.249.584)

**Other**

145. Baram TZ. What are the reasons for the strikingly different approaches to the use of ACTH in infants with West Syndrome? *Brain and Development*. 2001;7:647-648. [Link](https://doi.org/10.1016/S0399-1778(01)00431-9)

171. Hogan JJ, Jai R, Gerald BA, Andrew SB, Pietro AC, Maya KR. Treatment of resistant primary focal segmental glomerulosclerosis (FSGS) with adrenocorticotropic hormone (ACTH) gel [ASN abstract SA-PO381]. J Am Soc Nephrol. 2012;23(suppl):725A

174. Kongelbeck SR. Discharge planning for the child with infantile spasms. J Neurosci Nurs. 1990;No. 4:238-244. Link

186. Montrey T, Fiechtner JJ. A single-site, investigator initiated, open-label trial of the adrenocorticotropic hormone (ACTH) analogue HP Acthar Gel (repository corticotropin injection) among subjects with moderately to severely active systemic lupus erythematosus (SLE) [EULAR abstract AB0382]. Ann Rheum Dis. 2013;72(suppl 3):904

198. Tumlin JA, Galphin CM, Rovin BH. Advanced diabetic nephropathy with nephrotic range proteinuria: A pilot study of the long-term efficacy of subcutaneous ACTH gel on proteinuria,
progression of CKD, and urinary levels of VEGF and MCP-1. *J Diabetes Res*. 2013:489869.
